

JOSEPH V. JORDAN, A&P, IA, CPL, MMC **SENIOR STAFF CONSULTANT**

ivjordan@engsys.com

Joe Jordan is a Senior Staff Consultant for Engineering Systems Inc. (ESi) with over 20 years of aviation experience. He specializes in investigating aircraft accidents, examining aircraft systems, and assessing maintenance standard of care. Prior to joining ESi, Mr. Jordan spent the past decade as a Maintenance Test Pilot and managing an Authorized Service Center for Cirrus, Cessna, Piper, Mooney, Continental, Lycoming, and Williams International. He also worked directly for Cirrus as a Field Support Representative to help owners and operators manage their aircraft operations and maintenance. Mr. Jordan is experienced with piston, turbine, and jet aircraft and engines.
